## REPORT OF TREASURER OF STATE

### GASOLINE TAX

Senate File 312, Acts of the 41st G. A., which became effective at midnight on April 15, 1925, imposed a license fee of two cents per gallon or fraction thereof on all gasoline used in the State of Iowa for any purpose whatsoever. Senate File 353, Acts of the 42nd G. A., imposed an additional license fee of one cent per gallon on all gasoline used, making a total of three cents per gallon. The license fee is collected by approximately 500 distributors who report and remit to this department each month.

Provision is made for the reimbursement of the license fee previously paid when the gasoline is used for purposes other than propelling motor vehicles upon the public highway when the application for same is filed within 90 days following the date of purchase and accompanied by the original invoices covering the gasoline purchased. Under the same provisions, reimbursement is authorized to municipalities on gasoline purchased and used by them in the operation of motor vehicles operated for municipal purposes. The collections of this department are set out in Statement No. 23 and the amount apportioned to the various counties are shown in Statement No. 25. The condition of the administration fund, details of the amounts of refunds made and expenditures for salaries and traveling expenses during the period are shown in Statement No. 26.

### STATE SINKING FUND FOR PUBLIC DEPOSITS

The 1st G. A., by the enactment of House File 129 (amended by H. F. 393) made provision for the creation of the State Sinking Fund for public deposits, the purpose of which was "to secure the payment of their deposits to state, county, township, municipal, and school corporations having public funds deposited in any bank in this State, when such deposits have been made by authority of and in conformity with the direction of the local governing council or board which is by law charged with the duty of selecting depository banks for said funds."

House File 42, Acts of the 42nd G. A., amended this law so that the Treasurer of State was authorized to issue Anticipatory Warrants that claims could be immediately paid when properly approved. The warrants sold under this authorization is set out in
